## Firemen Seeking Funds To Finance Rescue Car Here

October 3 to 9 is National Fire Prevention Week and in observance of the occasion members of the Truckee Volunteer Fire Department have embarked upon a worthy project in which the public assistance is requested.

First, the department, through Chief Joe Copeland and Secretary Roy Waters, is urging that all home and business owners in the district make it a project to eliminate all possible fire hazards by checking stoves and furnaces, inspect and repair all electric equipment and house wiring and remove all inflammable materials which might cause a disastrous fire.

Second, the department is asking public assistance to aid in financing a rescue and equipment vehicle, designed for the protection of persons and property.

Hundreds of letters are being mailed out making the request and providing a return envelope. Large and small amounts will be welcomed by the department which is serving on a volunteer basis and the project has no relation to the fire protection district.

Also enclosed in the letter, is a sticker which may be placed on the cradle of phones designating the number to be called in event of a fire or other emergency of similar nature.

Under the title of "Operation Rescue", the volunteers, who seldom ask for assistance in any of their projects, are hopeful that the people of the district, for their own benefit, will subscribe generously to the project.

Donations may be left and telephone stickers obtained at the office of the Truckee Public Utility District or at Welch's Hardware store.

## Fire Danger Still High In This Area

Cooler weather with higher humidity have not caused officials of the Tahoe Forest to relax in their efforts to prevent a forest fire.

However, the helicopter which has been stationed here and which has been responsible for suppressing numerous smaller fires in the district, leaves Sunday to return to Nevada City.

The inmate crew at Hobart Mills which has been engaged in fire fighting and prevention efforts during the summer and which has recently been employed in flood damage repair in the streams over the district including Blackwood and Prosser, remain in camp.

During the weekend, the inmates were taken to the Lassen National Forest where a disastrous blaze occurred in the Hat Creek area.

The suppression crew was called out last weekend when a smoking barbecue at Donner Lake created a stir. With a strong wind and low humidity, Saturday was classified as one of the worst fire hazard days of the year, but hunters and others using the forest were careful and no fire was reported.

## Snow Removal On Shortcut Will Be Problem This Year

The California Division of Highways has taken over the maintenance of Northshore Boulevard in eastern Placer and Nevada counties—between Interstate 80 near Truckee and State Highway 28 at Kings Beach—according to District Engineer W. L. Warren of Marysville.

This follows final passage of State Senate Bill 1081, authored by Senator Paul Lunardi and action by the California Highway Commission on September 22 formally adopting the route as part of the state highway system.

The former county road will be known as State Highway 267. State maintenance became effective October 1.

Warren, in a statement issued today, said that "adoption of this route came too late in the year for normal budgeting and acquisition of necessary snow removal equipment to adequately handle the road during heavy storms.

"Snow removal equipment and manpower will be diverted from the Truckee and Tahoe City areas as much as possible to maintain passable conditions on the new route," Warren said.

He warned that equipment might be spread very thin at times, especially during heavy snow when Interstate 80 and other routes must take priority.

In the meantime, state engineers are proceeding with an inventory of the existing road, looking toward upgrading and signing as necessary to meet state standards.

Prior to adoption as a state highway, the 13-mile route was officially known as Brockway shortcut in Nevada County and as Truckee shortcut in Placer County. It is also informally known as the Kings Beach cutoff. It is described as Northshore Boulevard in Section 567 of the Streets and Highways Code.

## BRASSIER BRINGS OUT NORTH LAKE FIREMEN

KINGS BEACH—That foam rubber and similar synthetic products should be kept out of electric driers was proven Monday afternoon when the fire department was called to the Village Laundrette on North Lake Boulevard where a padded brassier caused a disturbance when it filled the drier with smoke.

Fire Chief Curtis Hart had previously warned that such materials should not be entrusted to driers or excessive heat.

The brassier was the only garment in the machine which was damaged and it did not flame until exposed to the air. One piece of fire equipment was called to prevent further loss.

Following their defeat at the hands of the Corning Cardinals by a 34 to 12 score last Saturday, the Tahoe Truckee Wolverines are girding for the Colfax game Saturday, starting with a JV contest at noon on the Truckee field.

In the junior varsity game last Saturday, the Wolverines won 12 to 6.

Injuries to Quarterback Steve Felte in the varsity game, put Greg Schwartz in control and although the local team piled up more first downs and played a good tight game throughout, they were unable to overcome the first half lead of 20 to 0 by the visitors.

Rod Pitkin and Gary Hughes each scored two touchdowns for the Cardinals, while John Besio and Schwartz collected the Tahoe Truckee tallies, one in the third and the second in the fourth quarter. Corning scored two touchdowns in the first quarter and one each in the final three.

## Roseville Boat Wins Donner Regatta In Weekend Matches

The Lloyd Pratts of Roseville sailed off with all honors in the annual Donner Lake Sailing Club championship regatta over a two mile course, with his 14 foot Lido.

In addition to the club trophy, the lanky sailor was awarded the Labatts sportsmanship award for outstanding conduct at all races held this year.

A nip and tuck battle ensued on the first race between Fred Hodder of Donner Lake and winner Pratt with the lead see-sawing several times between the two Lidos and an occasional challenge by Dick Good of Sacramento. Trailing not far behind was the White's Continental 14 piloted by Leland Brown of Napa, followed by a spunky El Toro with Howard Mehl of Roseville at the helm.

The second race again was awarded to Pratt after another duel with Hodder around the buoys. Good was close behind but the spritely El Toro edged him out of 3rd place. The lumbering Continental was caught short of the finish line when the lake turned to glass.

The final race was fought in a tricky gusty wind which produced many thrilling narrow escapes as the sailors hiked over the sides to keep from tipping, but the cup hungry Hodders tempted fate once too often and rolled over and had to be towed in. Dick Good took his red Lido all the way to the finish line to beat the peanut sized El Toro, and Pratt settled for 3rd, followed by the White's.

Les Hadley of Donner Lake and Jerry Mehl were judges of the event.

The Hodders won the dunkers cup and the White's were awarded the Corum Fantail trophy for placing last. Awards were made at the banquet at Donner Lake Lodge.

## Reagan To Speak At Meeting Here On November 7th

Residents of this region will have a rare opportunity on Sunday, November 7, to hear an address by Ronald Reagan, most promising candidate for the California governorship in the Republican party.

Reagan has accepted an invitation from the North Lake Tahoe Republican Women's Club to appear at a fund raising dinner, sponsored by the association to be held at the Olympic Village Hotel in Squaw Valley on that date at 7:30 p. m.

A no-host cocktail party will precede the elegant buffet at 5:30.

Mrs. William S. Briner, president of the club, and Mrs. Ted Stollery, publicity chairman for the group, said November 7 was the only open date on the potential candidate's calendar until after the first of the year and that they felt very fortunate in having him accept the invitation.

Tickets for the dinner are being sent out to all registered Republicans in the area and will sell at $10 per plate. The funds raised will be used in the Republican political campaign during the forthcoming election, although the speaker declined to accept the money for his personal campaign use.

Reagan, a prominent stage, screen and television star for many years, has long been active in politics and while as yet no formal announcement of his intention has been made, he is considered the most likely gubernatorial candidate in the party.

The members of the sponsoring organization are leaving no stone unturned to make the affair one of the biggest ever held in the district.

Since accommodations at the hotel are more or less limited, all recipients of tickets are urged to make their reservations early. Those who may not receive tickets in the mail are asked to contact Mrs. Briner or another member of the organization.

# DONNER DOINGS....

By Vi White

The cold snappy frosty mornings are a bit nippy, but the warm days are delightful and the fall colors are beautiful.

Now is the time to get busy with painting and those little fixit jobs that were put off during the busy summer, but should be finished before winter.

It's a lot easier to clean up around outsire while things are dry. Will those pine needles ever stop falling? What a dry blanket they form over everything!

The Donner Lake Property Owners' Association will be having a beach clean-up this weekend. Now that the water is receding, sand will be moved around to cover the bare spots and raise the south beach area. All hands are needed.

There will be a special meeting concerning the roads at Jim Peters' cabin in the Weeks tract at 2 p. m. Saturday. All interested in the latest developments are urged to attend.

* * *

Several boys from Donner Lake attended the Boy Scout Round-up Camporee at Grass Valley last Saturday.

Den Mother, Lona Boren, is mighty proud of the boys and the four ribbons they won. They were 1st in the Neckerchief relay, 2nd in the sack race, 3rd in the tug-of-war and John Bell was third in the foot race, competing against 50 cub scouts.

No. 1 Den Cub Scouts are: Mike and Rod McGrath, Richie Quist, John Bell, Rodney Pierson, David McCallahan, David Haley, Kurt Schultz, John and Dick Boren and Mike Money.

The boys are collecting plastic clorox bottles and would appreciate it if Donner Lakers would place the empties in front of their houses Thursday between 4 and 5 p. m. so that the boys can pick them up.

Fun and neighborliness was their theme for the summer and for the month of October it is fire prevention.

Saturday, the Donner Lake Sailing Club had their first championship regatta. Five boats competed in the three race event. Tricky winds caused some apprehension among the skippers and crews and during the last race they were seen hiking to the high side to keep the boats sailing. Fred and Jan Hodder didn't make it, however, and their Lido turned turtle right out in the middle of the lake on the home stretch. Being real competitors, the rest of us just passed them by and continued in the race, hoping that we wouldn't meet their fate.

When Jack Marquette towed them back, we discovered that Jan climbed up and over so fast that she barely got wet, but Fred found the water a bit chilly after diving down to release the sails in order to right the boat and was mighty glad to recover everything even his pipe with water soaked tobacco.

Lloyd and Noni Pratt of Roseville claimed the first place trophy at the awards banquet at Donner Lake Lodge that evening. Lloyd was presented the Labatts sportsmanship award for his outstanding conduct throughout the season.

The Carson Whites' received an unusual looking trophy for coming in last. The Fantail Award can be seen at Donner Lake Lodge, just ask Skip to show it to you! It's a masterpiece! We didn't expect to be outmaneuvered by a tiny El Toro!

Members and friends of the Sierra Tinker Belles Garden Club are planning to drive to Nevada City next Tuesday to see the fall colors and visit the many interesting shops there. For details please call me, 587-3866.

Twenty women attended the tea at Mabelle Hadley's home last week where Gladys Dolley gave a most interesting demonstration.

Don't forget to sign the petition to have a Contract Post Office station here at Donner Lake. Won't it be nice to have a box this close? Petitions are at Mack's Coffee Shop and at Bob and Nina Fitzgeralds little grocery store at Harry's Motel. We have over a hundred signatures, but need more.

* * *

The Henry Andersons of Redwood City have been enjoying their stay here and have caught some nice 15 inch rainbows while out trolling. They recently had some of their Rogue river salmon canned up in Oregon, where they will be moving soon.

* * *

Motels in the area are all booked up for this weekend. Over eight thousand are coming to Squaw Valley for the Radio Church of God convention. Last year it snowed, but the forecast this year seems favorable for them.

* * *

Toni Sailer of Kitzbuehel, Austria, winner of three gold medals at the 1956 Olympics in Cortina, Italy, will be showing off his all fiberglass ski at the California Winter Sports Fair this weekend at the Cow Palace. He and other prominent racers will be skiing down the indoor slope there. Many skiers from this area are planning to attend the three day affair starting Friday.

The United Church of Christ was the setting of the wedding of Sandra Eileen Olsen and William Leonard Flynn, Jr., on Saturday, October 2nd, at Squaw Valley. A bouquet of white flowers decorated the altar of the church.

The bride was given in marriage by her brother, Donnard Olsen of Woodland. For her wedding, Sandra chose a white lace dress with a scoop neck, elbow length sleeves graced with a ruffle, and a white velvet ribbon accented the waist line. A miniature crown held the shoulder length veil in place. Her bridal bouquet was white carnations and orange blossoms.

Mary Ann Decker of Tahoe City was the bride's attendant. She wore a fuschia dress and matching shoes and hat with veil and carried a bouquet of contrasting pink carnations. The groom's brother, David, was best man. The groom's parents reside in the Philippines.

Mrs. John Miller, the former Lazelle Morley, a recent bride, wore a two-piece pink suit and a white carnation corsage.

A reception was held at the church following the ceremony.

Out of town guests were Mr. and Mrs. Joseph Aversente of San Jose, Mr. and Mrs. Norman Kamp of Monterey, Mr. and Mrs. Don Osborne and Mr. and Mrs. Al Osborne of Wheatland, and Mr. and Mrs. D. W. Olsen of Woodland.

After an undisclosed honeymoon the couple will make their home at Kings Beach.

## DRINKING RULING IS TOLD FOR SIERRA

Sierra College President Harold Weaver last week warned all students that automatic expulsion from college would follow the conviction of any student found guilty of drinking or providing liquor for others on campus, at games or at any school function.

Citing code section 25608 of the Alcoholic Beverage Control laws, Weaver said such expulsion from school is mandatory. Thus students could be triply punished for on-campus liquor offenses—fined by the courts for the misdemeanor, dismissed from college, and, as college dropouts, subject to the draft.

Fish deteriorates rapidly when exposed to warm air. Chill quickly; keep cold until time to cook.

Fish, high in protein, moderate in calories and carbohydrates, is a nutritious food that often is sadly misused in preparation. Most of the "don't like fish" people have probably never tasted a properly cooked fish.

## Airport Items

Chuck Willhite of Fibreboard Paper Products recently soloed in his new Cessna 172. Mr. and Mrs. Willhite recently purchased the airplane and are both taking ground school and flying lessons at the Truckee-Tahoe Airport from Cal-Nat Airways, Inc.

Several other local men are learning to fly, including Rod Hisken and Harry Hubins.

Zeph Rose has resumed his flying, advancing to a Cessna 182 in preparation for a miulti-engine pilot's rating.

Truckee-Tahoe Airport boasts one of the most sophisticated sail planes in the world, especially designed and outfitted to break the world altitude record. It has more oxygen capacity than a jet liner and has radio equipment required for altitudes of over 24,000 feet, Sierra Soaring will attempt to reach an altitude of 50,000 feet next spring over Lake Tahoe.

Construction has begun on a hangar at the airport which is expected to be completed in the near future. The work is by Vind Brothers Construction, Lester Michael, base operator for Cal-NatAirways, announced.

## DENNIS DOUGLAS IS SIERRA ACE RUNNER

Sierra College lost its first home race of the season, succumbing to Sacramento City College 20-41 as SCE ace Marty Dally covered the three mile wooded Sierra course in 16:43.

Sierra freshman Dennis Douglas of Truckee turned in a lifetime best of 16:44 to finish second and promise well for the future, according to Coach Ken Hashagen.

## Two Students Are Honored Nationally

Two students at Tahoe Truckee High School have been honored with Letters of Commendation for their high performance on the National Merit Scholarship Qualifying Test given last spring. They are among 38,000 students across the nation recognized for scoring in the top, two per cent of students who will complete high school in 1966. The commended students rank just below the 14,000 semi-finalists announced last month.

Harold Drummond, the school's principal, has announced that the commended students are: Scot Domergue and Fosten Wilson.

John M. Stalnaker, president of the National Merit Scholarship Corporation said: "These students are being recognized for their outstanding performance on the qualifying test. Theirs is a notable academic achievement.

"In a rigorous competition like the merit program, it is unavoidable that many fine students will miss being named semifinalists by a narrow margin. Nevertheless, the student in this situation is very capable and deserves generous recoginition for his distinguished effort.

"The commended students have considerable ability, which should be developed through further education. They deserve every encouragement, and their promise is great. They represent an important intellectual resource which our nation needs."

## September Club In Meeting At Tahoe

TAHOE VISTA — Mrs. Addie Free, who with her late husband, Douglas, operated the Dunes Resort at Tahoe Vista, has been vacationing at the Dunes for the past two weeks.

During the Free's ownership of the Dunes, a group known as the September Club was formed and was composed of visitors who met at the resort during the last two weeks of September each year beginning more than 13 years ago.

This year the September Club held its reunion in honor of Mrs. Free, culminating in a birthday party for her at North Shore Club Friday evening, October 1. The entire group saw her off at the Reno airport Saturday morning.

The following members were present: Dr. and Mrs. George Muller of Walnut Creek, Mr. and Mrs. Kenneth Bruner of Newport Beach, Mr. and Mrs. Nicholas Powell of Los Angeles, Mr. and Mrs. Harry Newman of Van Nuys, Mr. and Mrs. Frank Bacus of Oakland, Mr. and Mrs. Austin Reblin of Concord, Mr. and Mrs. Arnie Hillstrom of Oakland, Mr. and Mrs. John Levet of Portola Valley and Mrs. Mack Fleming of Los Angeles.

Mrs. Free is currently managing the Sandlewood Resort Hotel at North Redington Beach, Florida.

## GREG MOORE STARS ON SIERRA GRID TEAM

Coach Buzz Ostrom of Sierra College was optimistic this week about coming contests despite his team's two straight losses to bigger school from the strong Sacramento Valley conference. Sierra lost to ARJC 31 to 0 and Sacramento CC 40 to 12 and have to face San Joaquin Delta this Saturday.

In the city college game, the Wolverines gained less than 100 yards offensively, but found hope in the performance of Greg Moore of Truckee, their fast halfback who romped 94 yards for a kickoff return and added another four yards in a scamper around end for the Sierra score.

## West Shore Notes
